

WATT'S NEW AT HUTT ELECTRIC

Welcome to our 196th
edition of our newsletter!

April 2011

"We're here to help you help your custom-

This newsletter will provide you, our customers, with information on new technologies, products, discontinuations, etc. in the electrical industry. It will also provide you with information on any projected price increases, price decreases, and any 'special buys' at Hutt Electric Supply.

NEC Code Questions and Answers.....

Q. What are the GFCI protection requirements for agricultural buildings wiring?

A. GFCI protection is required for all 15A and 20A, 125V, general-purpose receptacles (circuits are rated 120V and receptacles are rated 125V) located in the following areas [547.5(G)]:

- In areas having an equipotential plane in accordance with 547.10(A).
- Outdoors.
- In damp or wet locations.
- In dirt confinement areas for livestock.

GFCI protection is not required for a receptacle supplying a dedicated load where a 15A or 20A, 125V, GFCI-protected receptacle is located within 3 ft of the receptacle for the dedicated load. Dedicated
