

## WATT'S NEW AT HUTT ELECTRIC

Welcome to our 177th  
edition of our newsletter!

July 2009

*"We're here to help you help your customers"*

This newsletter will provide you, our customers, with information on new technologies, products, discontinuations, etc. in the electrical industry. It will also provide you with information on any projected price increases, price decreases, and any 'special buys' at Hutt Electric Supply.

## *Special Tool of the Month*

### **Ideal 36-311 TKO Carbide Tipped Hole Cutter Kit**

4 Pc. Carbide Hole Cutter Kit—Includes: SmoothStart™ Replacement Tip, 7/8", 1-1/8", and 1-3/8" cutters.

**Only \$ 65.95 ea.**

## **The efficient and precise alternative to knockouts and hole saws for stainless steel and sheet metal**

Introducing the new TKO™ carbide tipped hole cutters from IDEAL INDUSTRIES, INC. TKO cutters offer the most efficient and clean cutter replacement for traditional knockouts, by making smooth holes in a fraction of the time at a fraction of the cost. Specifically designed to cut sheet metal, TKO cutters will even cut stainless steel with fine grained, carbide tips. The innovative design includes the exclusive SmoothStart™ replaceable pilot drill, which guides the cutter to the surface, avoiding cutter damage and providing smoother holes. An integral overdrill flange prevents cutter penetration beyond the sheet metal. When it comes to quality, performance and durability, IDEAL is the professional's choice for carbide tipped hole cutters.

Now Stocking.....

**18-6SHIELDED** 18 AWG 6 conductor shielded low  
voltage control cable.

*Don't forget us for all your equipment rental needs !*

# Hands On Training

Installation  
and Programming

Home Automation, Inc.

**When: TBD based on participant availability**  
**Cost: FREE with purchase of HAI training kit\*.**

Have you wanted to participate in one of the fastest growing and most profitable electrical markets but weren't sure how to start? We're offering a way to do that! We have arranged a 2-day hands-on installation and programming course. Participants will learn techniques for security, lighting, fire, temperature control, whole home audio, and much more. The hands-on experience also allows students to connect and address a keypad and setup and configure 'smart' switches and remote internet access to a home. Features and benefits of controlling HVAC along with thermostat compatibility will be discussed. In addition, participants will learn how to setup and control devices using programming software and will program macros/commands to control home automation. Real life programming examples will be used. Finally, the course will conclude with a discussion on selling and marketing home automation products to your customers.

Each attendee must bring their own laptop computer. All attendees will receive a **FREE** copy of PC Access programming software and **FREE** Snap-Link remote access utility.

*\*(Kit includes HAI Omni or Lumina System, Keypad, device(s), transformer, battery, thermostat, temp/humidity sensor, motion sensor, and door/window contact. Kit must be purchased prior to and available for use during the training.)*

## RENTALS

Equipment:

- ◆ Mini-Tower Scaffolding
- ◆ 22' Scissors Lift
- ◆ Tractor/ Loader
- ◆ 3-Point Disc/ Cultivator
- ◆ 3-Point 48" Brush Mower
- ◆ Tandem Axle Trailer
- ◆ Mini Excavator
- ◆ Skid Steer
- ◆ Much more.....

Daily, weekly, and monthly rate lists are available at the sales counter or online .
