

WATT'S NEW AT HUTT ELECTRIC

Welcome to our 175
th edition of our

May 2009

"We're here to help you help your customers"

This newsletter will provide you, our customers, with information on new technologies, products, discontinuations, etc. in the electrical industry. It will also provide you with information on any projected price increases, price decreases, and any 'special buys' at Hutt Electric Supply.

Tool of the Month Special

Klein Fish Tapes

Introducing the new Depthfinder high strength steel fish tapes from Klein. The steel tapes are the world's first fish tapes with exclusive patented laser etched length (1') markings.

- *Permanent, laser etched 1' increments on the tape allow you to more accurately measure the depth of conduit runs and determine the amount of tape left to pay out.*
- *The larger case diameter means you can reel in 15% more tape in a single revolution than similar sized tapes, saving you time and effort.*
- *Made in USA and carry the Klein lifetime warranty.*
- *Non-breakable case shell (Klein: no failures at 20 drops from 2 stories; Ideal 39% failures , Greenlee 100% failures).*

- 56002—65' laser etched steel only \$30.00 ea.**
- 56003—125' laser etched steel only \$44.00 ea.**
- 56004—240' laser etched steel only \$60.00 ea.**
- 56012—100' Navigator Nylon only \$85.00 ea.**

Counter Days Coming !!

We will be holding a counter days on Tuesday, May 12. On hand will be several vendor representatives, including HAI, Leviton, and Klein (watch for a complete list in the May newsletter). These vendors have announced some very interesting and innovative new products and will be able to answer any questions you may have.

We will have a continental breakfast available in the morning and will also serve lunch. This is a great opportunity to see some new products and talk directly with the factory representatives.
